Ready Made Creative Lesson Plans - K-8

To Kevin's Lesson Center

Kevin, a teacher in Nova Scotia, created this database of language arts, math, computer, social studies, science, and environmental education lessons. See some excellent activities on recycling and endangered species by clicking on Environmental Education.

These resources include character education, social learning, risk prevention and mental health care. There re 15 excellent lesson plans such as *I've Got Me* and *I'm Glad* designed for third grade students to help them identify strengths and weaknesses. *Firting vs. Sexual Harassment* helps guide 8th graders through the process of distinguishing between acceptable and unacceptable behavior.
