FUN AND LEARNING—ART, SCIENCE, GEOGRAPHY

Mr. Picassohead

“You can become a Cubist painter at this clever site, creating an original work of art by moving facial parts -- eyes, hair, lips, ears, noses -- onto a canvas in the same fashion as snapping plastic parts onto a Mr. Potatohead doll.”

<http://www.mrpicassohead.com/>

A group of educators, scientists, artists and Internet experts have recently brought up a Web-based science education site intended to support both home and classroom-based learning by scientific inquiry. Unique result: average user of this site turns out to be girls about 13—loving science.

what-is-the-capital-of.com

This website has 2 main goals:

- To provide you with a **list of all capitals** per continent
- To provide you with **numerous free quizzes** to test your knowledge of these capitals
