

BUSY TEACHER RESOURCES

Education Portals for Planning

December 9, 2002

<http://www.teach-nology.com/>

Congratulations! You've just found one of the best PreK-12 teacher resources on the Internet, and it's completely free! Welcome to **LessonPlansPage.com!**

Welcome to **www.americanteachers.com**; established in 1998 to address the needs for improving the level of communication between teachers, parents, students and administrators, by streamlining curriculum development and securing the future. Our goal is to create an education website that involves everyone in the education process. **www.americanteachers.com** is the home page that links to all 50 state-specific domains extending from **alabamateachers.com** to **wyomingteachers.com**
