James W. Grube
Superintendent of Schools

Adrian J. Pollio
Business Administrator/Board Secretary

April 7, 2017

Dear Parents & Staff,

On March 9, 2017 a letter was sent in regards to the results of lead in the water. The District re-tested the location and it is found to be below the lead action level established by the US Environmental Protection Agency for lead in drinking water. Remedial action has been taken and all drinking water outlet locations tested below the action level of 15 µg/l (parts per billion [ppb]).

The results for the location are posted on the Districts website.

Sincerely,

Jim Grube

Superintendent of Schools
